

INOVAR DATA SHEET

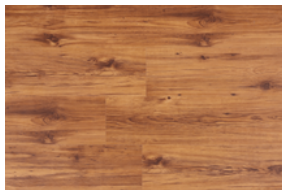

Inovar floors are crafted using HDF (high-density fiberboard) with a wax-treated core and waxed edges on the locking system, providing excellent water resistance and one of the lowest swell rates in South Africa.

The floors are finished with an anti-abrasive protective overlay that offers superior scratch, chip, and dent resistance, ensuring a long-lasting and durable floor.

Additionally, Inovar floors are backed with a balancing film, guaranteeing dimensional stability and preventing any expanding or contracting with temperature changes.

SUPREME LAMINATE DATA SHEET

PRODUCT INFORMATION AND WARRANTY

Plank Dimensions:	196 X 1216 x 8mm
Packaged:	1.91sqm - 8 pieces/box
Recommended Coverage:	10 x 12 lin.m in length/width
Core:	Water-resistant HFD.
Core with an average board density:	> 880/890 kg/m ³
Fit for use grading:	AC4/W32 - V4 – General commercial / Heavy domestic
Warranty:	25 years Heavy Domestic / 5 years of Moderate Commercial use

WATER RESISTANT LAMINATE

With a wax-impregnated core and waxed edges on the locking system, these Inovar floor planks are highly moisture resistant and have a very low swell rate.

TECHNICAL SPECIFICATIONS	STANDARD	CHARACTERISTIC/RESULT
Wear Resistance	EN 13329	AC4/W32 - V4
Stain Resistance	EN 13329	Rating 5 - no visible change
Swelling Test	EN 13329	Average swelling ≤ 8%
Light Fastness	EN 13329	Grade 6 - No discolouration
Impact Resistance	EN 13329	IC2

HOW TO CLEAN LAMINATE FLOORING

- Use a damp micro mop or vacuum cleaner with a brush and no beater bar.
- Avoid excessive water.
- Detergent is unnecessary, as it may leave a residue on the flooring surface or stain the boards.
- Instead, spray pure water onto a damp cloth or micro mop to remove easy marks such as tea, coffee, or cold drinks.
- For stubborn marks, use pure acetone or a similar solution to remove 99% of most stains, including nail varnish or lipstick.
- After using acetone or a similar solution, clean off any residue with a damp cloth.
